Courses

React 18, Code With Mosh
APRIL 2023

Flutter - Professional designs and animations, Udemy
JUNE 2021

Flutter - Complete Guide for iOS/Android Apps, Udemy
OCTOBER 2020

Relevant Experience

Software Engineer - Certainly ApS / Certainly Group ApS

OCTOBER 2021 —PRESENT

• Developing the v2 MVP version of the bot building platform by updating core functionalities with new libraries and methodologies, and introducing new features.
• Designing and developing API-based/channel integrations with over 10 SaaS platforms, including Shopify and Salesforce.
• Creating seamless integrations with third-party partners to expand the organization's business ecosystem (Puzzel, Gorgias, Dixa, Easysize).
• Building scrapers with Cloudshare bot avoidance using Docker, Scrapy, Lua, and Python.
• Initiating the development of a Shopify App prototype and Theme app extensions, influencing the Q1 2023 product and company's commercial direction.
• Collaborating with the CTO, Product Owner, and FE/BE team to develop a new Shopify App and platform integration.
• Working closely with cross-functional teams to identify and drive opportunities for product enhancement using Scrum methodologies and Agile framework.
• Gaining experience in Scrum methodology, including:
    - Daily meetings
    - Cross-functional teamwork
    - Defining product backlog item acceptance criteria

Technical Sales / Solution Engineer (Pre & Post Sales) - Certainly Aps

OCTOBER 2021 – MARCH 2022

• Architecting tailored tech demos to communicate our platform's value proposition.
• Supporting our Account Executives with core product and tech knowledge to advance opportunities to a close-won stage, often requiring the execution of RFIs, RFPs, and InfoSec questionnaires.
• Maintaining an understanding of the tech stack our prospects/customers use, ensuring our platform fits seamlessly within their tech ecosystem.

Education

Full-Stack JavaScript Developer, Ironhack Remote Coding Bootcamp

FEBRUARY 2021 — MAY 2021

BSc. Software Engineering, Universidad Abierta Interamericana, Argentina

MARCH 2013 — DECEMBER 2016
